This service is available to customers within our Fiber to the Business Network. FOz Internet download/upload speeds are a "best efforts service." Actual speeds may vary due to end user equipment and other factors. Service not available in all areas. Fees, taxes and surcharges may apply.

\*Available on the PocketiNet fiber route in Walla Walla. Additional construction charges may apply depending on distance from the PocketiNet fiber route.

This service is not intended for hosting companies or large organizations that host multiple data servers as usage may exceed data limits. See sales associate for complete details.
