

Qwest® Standard Modem: Actiontec® GT701

How to Check Service Status

You easily can determine the service status of your Qwest® Standard Modem: Actiontec® GT701 by looking at the modem.

- If the DSL light is solid green, you're connected to your DSL service.
- If the Internet light is solid green or blinking green, you're connected to your Internet Service Provider (ISP).
- If the Internet light blinks green, the Qwest Standard Modem: Actiontec GT701 is sending and/or receiving Internet traffic.

Alternatively, you can check service status on the Qwest Standard Modem: Actiontec GT701 Web home page by following the directions below.

1. Enter "192.168.0.1" in the Address bar of your Internet browser.

Under the **Connection Status** section, you're connected to the Internet when the **Qwest DSL®** and **Internet Service Provider (ISP)** fields display "**CONNECTED**".
